

TELECOMMUNICATIONS (JERSEY) LAW 2002

MRS COMMUNICATIONS SYSTEMS LIMITED

FINAL NOTICE

On 24 January 2008, the Board of the Jersey Competition Regulatory Authority ('JCRA'), being mindful of the need to ensure that all telecommunications systems that are required to be licensed under the Law are fully licensed, and in exercise of its powers under Article 11 of the Telecommunications (Jersey) Law 2002 ("the Law"), published an Initial Notice detailing their intention to grant MRS Communications Systems Limited a Class I licence for a period of ten years for the running of a telecommunication system.

Written representations or objections were invited to be made against the granting of this Licence. One representation was received in accordance to the requirement of the Initial Notice from Links Communications.

The representation from Links Communications made a number of observations regarding the telecommunications market in Jersey and JCRA licensees operating currently. Specifically, it commented that as a licensee of the JCRA it was competent to provide a service similar to that proposed in the Initial Notice. It also observed that other existing licensees were also competent to provide such a facility and that this fact had been brought to the attention of the potential users of such a system. However, while the JCRA has no cognisance of the processes which led to the selection of the system offered by MRS Communications Systems Limited, it does note that as other providers were capable of such a provision as observed in the representation, it would appear that some form of selection process must have resulted in the adoption of the chosen solution. The JCRA is required under Article 2 of the Law to ensure that telecommunications systems are properly licensed. In proposing this licence, the JCRA is of the view that it has fulfilled its duties.

The JCRA, therefore, publishes this Final Notice in accordance with Article 11 of the Law. The JCRA will now enact this specified regulatory function and the Licence shall come into effect on 2 May 2008.

Copies of this notice, the Licence and the JCRA's response are available for inspection at the offices of the JCRA at 2nd Floor, Salisbury House, Union Street, St Helier, Jersey JE2 3RF between the hours of 9.00 am and 5.00 pm Monday to Friday or on the JCRA website www.jcra.je.

31 March 2008

By Order of the Board of the JCRA
