JCRA Strategic Plan 2003-2005

After extensive consultation, the Jersey Competition Regulatory Authority ("JCRA") has today issued its Strategic Plan for work to be carried out over the period 2003-2005. The Plan outlines the JCRA's strategy in order to meet its objectives and sets out the JCRA's projects and programmes for the next 2 years.

The Plan not only covers detailed consultation in telecommunications but also includes the JCRA's objectives for the regulation of the postal and other sectors, and the possible introduction of a Competition (Jersey) Law.

The Strategic Plan was previously issued in draft form in order to elicit comments through a process of public consultation. The replies received from this consultation are available for download from the JCRA's website at www.jcra.je
