JCRA WELCOMES NEW LOCAL NON – EXECUTIVE DIRECTOR

The Jersey Competition Regulatory Authority ('JCRA') welcomes the appointment of Mr Richard Povey as its new local Non-Executive Director. Mr Povey replaces Leslie Bowbrick, whose three-year term expired earlier this month.

Mr Povey has extensive experience of regulatory issues from an industry perspective, having been Managing Director of Swire Engineering in Hong Kong, where he was also Chairman of the British Chamber of Commerce. He was Chairman of Jersey's Committee of Inquiry into Honorary Police Elections in 2002, and has lived on the Island for 9 years.

Lord Kingsland, Chairman of the JCRA said:

'I'm delighted that Richard has joined us. His industry background and knowledge of local issues will complement the experience of the existing Board Members, and help ensure that the JCRA remains sensitive to the Island's particular needs in the course of its work'.
