

TELECOMMUNICATIONS (JERSEY) LAW 2002

INTERACTIVE ONLINE LIMITED

INITIAL NOTICE CICRA 13/51

The Jersey Competition Regulatory Authority (*JCRA*) has received an application from Interactive Online Limited (*IOL*) for a Class I Telecommunications Licence to run a telecommunication system in Jersey.

IOL previously held a Class I Telecommunications Licence in Jersey which expired in 2009 when Newtel Limited (*Newtel*) acquired the company. Since 2009 the company has undergone a series of name changes before reverting to its original name of Interactive Online Limited. The company has now decided to apply for a new Class I Telecommunications Licence, to allow it to provide fixed line and mobile telecommunication services to customers in Jersey.

IOL is wholly owned by Newtel, and its principal proposed telecommunications activity is the provision of fixed line DSL and ISP services. Newtel already holds a separate Class II Telecommunications Licence, a copy of which is available on the CICRA website, www.cicra.je. IOL has indicated that the reason for its application is to facilitate the potential reorganisation of the existing telecoms business activities of Newtel, so that the entity undertaking certain of Newtel's existing licensed activities could in future be transferred to a third party, outside the Newtel group. It should be noted that if this gives rise to any future change of control of IOL, this would be dealt with under the relevant change of control process in place with the JCRA, and which has been followed on a number of previous occasions (see the documents CICRA 13/17 and CICRA 13/25 for example), including a previous change of control relating to Newtel itself (CICRA 13/17).

The JCRA is of the opinion that the grant of this licence will help to ensure that telecommunications services are provided, both within Jersey and between Jersey and the rest of the world, as satisfy all current and prospective demands for them, and will protect and further the short-term and long-term interests of users within Jersey of telecommunication services and apparatus, in part by promoting competition among persons engaged in commercial activities connected with telecommunications in Jersey. The JCRA intends in exercise of its powers under Article 14 of the Telecommunications (Jersey) Law 2002 to grant a new Class I licence to Interactive Online Limited. The proposed conditions of this licence are attached to this Notice.

Copies of the licence and this notice are available for inspection at the offices of the Channel Islands Competition and Regulatory Authorities (*CICRA*) at: 2nd Floor, Salisbury House, 1-9 Union Street, St Helier, Jersey, JE2 3RF, between 9.00am and 6.00pm Monday to Friday.

It is intended that the licence will be granted 28 days from the issue of this notice if no objections are received, otherwise a Final Notice will be issued.

Written representations or objections to the exercise of this specified regulatory function may be made by letter and delivered to 2nd Floor, Salisbury House, 1-9 Union Street, St Helier, Jersey, JE2 3RF, or by e-mail to info@cticra.je, on or before midnight on 17 January 2014.
