Response #1

Question 1: Do you have any comments on the Authority's plan to review, clarify and establish expectations for the use of CLI facilities in Jersey?

No

Question 2: Do you agree the Authority should consider amending operator licences to include conditions covering the provision of CLI facilities?

1. What are you considering to amend?

2. Please expand on the provision of CLI facilities?

Question 3: Do you have any comments on the importance or otherwise of protecting islanders from telephone-based fraud as far as practically possible?

No comment but agree in principle

Question 4: Do you agree the Authority should pursue introducing a centralised CLI-fraud mitigation system.

Yes

Response #2

My only comment would be number portability is a must have.

If competition is going to be encouraged.
