

Punctuality of sailings within scheduled time

Over 85% of sailings arrived within 30 minutes of scheduled time

Percentage based on arrival times

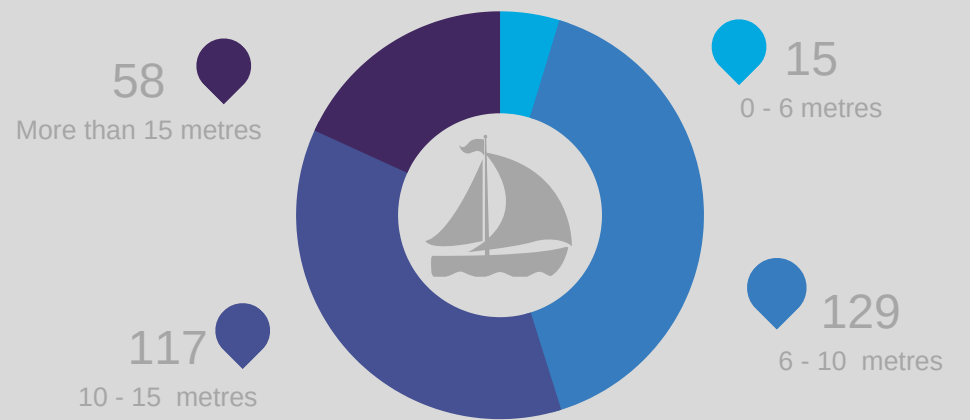

The impact of the pandemic

This reporting period saw sustained high passenger demand across all three months in Jersey and across Europe, with many airports making national and international headlines due to being overwhelmed by the demand from people wanting to travel.

Ports of Jersey has also experienced challenges during this reporting period, however our recovery began earlier than many other airports and has seen a steadier increase in demand. This means we have not had to face such a sharp rise in passenger numbers as has been seen elsewhere.
