## 5G Spectrum Award – Second ITT update

In January 2023, the Authority announced the outcome of a 5G Spectrum Award invitation to tender (ITT) process, which was to recommend that Ofcom issues 'Full Service' spectrum licences to JT and Sure.

Because this original 5G Spectrum Award ITT offered three 'Full Service' spectrum packages, the Authority further announced it would run a second 5G Spectrum Award ITT for the remaining package during 2023.

However, after careful consideration the Authority has decided to delay this second 5G Spectrum Award ITT until after it concludes the case considering Sure (Guernsey) Limited's proposal to acquire Jersey Airtel Limited (Case C-042). This will help avoid the risk of potentially inefficient spectrum allocation.
