## Information note

Every year a Telecommunications Statistics and Market Report (**Report**) is published. The Report is a joint project between the Guernsey Competition and Regulatory Authority (**GCRA**) and Jersey Competition Regulatory Authority (**JCRA**), which have a service level agreement with Statistics Jersey to produce the pan-Channel Islands Report.

The publishing of market information provides the opportunity to demonstrate the value the telecoms sector has generated in the Channel Islands and allows stakeholders to plan and prioritise activities that ensure continued effective competition for the benefit of consumers.

An overview of the timetable for the production of the 2023 Report is provided below.

| Indicative date | Milestone   |
|-----------------|---|
| 12 January 2024 | Issuing of 2023 data request to Licensees by Statistics Jersey  |
| 1 March 2024    | Deadline for receipt of tranche 1 information from Licensees (not reliant on audited accounts)  |
| 19 April 2024   | Deadline for receipt of tranche 2 of information from Licensees (reliant on audited accounts)   |
