1. Executive summary

- 1.1 The Jersey Competition Regulatory Authority (**the JCRA**) is issuing this Final Notice to exercise a specified regulatory function. This gives effect to the modification of the Class II Licence granted to TP Global Operations Limited, trading as 1GLOBAL (**1GLOBAL**), under the Telecommunications (Jersey) Law 2002 (**the Law**). The modifications concern the use of Global Titles.
- 1.2 The modifications align 1GLOBAL's Licence with equivalent provisions introduced into other telecommunications licences in Jersey. They introduce additional defined terms and amend the conditions relating to numbering and the creation, use and authorisation of Global Titles.
- 1.3 This document is the final stage of the statutory process to modify 1GLOBAL's Licence. It follows the issue of an Initial Notice on 24 September 2026, which set out the proposed licence modifications. The deadline for representations to the Initial Notice was 23 October 2026 and no representations were received. Accordingly, this Final Notice confirms the modification of 1GLOBAL's Licence.
- 1.4 It is structured as follows:
 - Matters contained in the Initial Notice (see Chapter 2);
 - The licence modification (see Chapter 3).
- 1.5 This document does not repeat all the background material set out in the Initial Notice, though a high-level summary is provided in Chapter 2.

2. Matters contained in the Initial Notice

- 2.1 This chapter provides an overview of the matters contained in the Initial Notice.
- 2.2 Chapter 2 set out the background to the proposed licence modifications, including an overview of:
- Policy context – Ofcom’s measures to address mobile network security risks associated with the leasing, sub-leasing and misuse of Global Titles, and the JCRA’s introduction of equivalent provisions into other telecommunications licences in Jersey;
 - 1GLOBAL’s Licence – 1GLOBAL’s Licence was not in force when the other Jersey telecommunications licences were modified and was therefore not included in the earlier modification process; and
 - Legal framework – the licensing of telecommunications systems and the use of +44 numbers in Jersey, together with the JCRA’s power under Article 18 of the Law to modify a licence.
- 2.3 Chapter 3 set out the proposed modifications to 1GLOBAL’s Licence. These comprised:
- The addition of defined terms relating to C7 and Global Titles to Condition 1.1;
 - An amendment to Condition 19.1; and
 - The addition of Conditions 19.9 to 19.11 concerning the creation, use and authorisation of Global Titles.
- 2.4 Chapter 4 outlined the next steps in the statutory process and invited written representations on the proposed licence modifications by 17:00 on 23 October 2026.
- 2.5 The Annex to the Initial Notice contained a consolidated version of the proposed modified Licence.

3. The licence modification

- 3.1 No representations were received in response to the Initial Notice. Accordingly, this chapter confirms the modification of 1GLOBAL's Class II Licence.
