Global Titles – Initial Notice – Case T-076

Global Titles are signalling data used by mobile telecommunications operators to pass telephone calls between them, including internationally. In the light of various safety and fraud-related concerns, the Jersey Competition Regulatory Authority (the **Authority**) proposes to ban the leasing of Global Titles to third parties by operators in Jersey.

Accordingly, the Authority proposes to modify each existing Class I, Class II and Class III licence under the Telecommunications (Jersey) Law 2002 by adding in conditions relating to Global Titles. It has today served on each licensee an Initial Notice of this intention.
